Were there not real virtue in this wonderful medicine, could it perform the astonishing cures made by it?

Nontrampton Co., April 13, 1852.

Messrs. Tyler & Adair: I have been affilicted with Rheumatism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day or night; I could not move any part of my body without crying with pain; at this time I also tried many remedies, internal and ext rnal, without receiving any relief; I was at last advised to try HAMPTON'S VEGETABLE TINCTURE; before I had taken one bottle of which I felt much better, and as I continued taking it I felt strength coming into my buck and limbs, and my strmach strengthened and revived every way; I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled. Yours, ELIZABETH BAGWELL.

Mesers. Mortimer & Mowbray: Mrs. Elizabeth Bagwell is a lady of the highest respectability, wealthy and influential. The cure in her case speaks volumes in favor of this wonderful Tincture. Several other persons we have heard of have derived great benefit from its use in our county. We are entirely out of the article, and have daily anxious inquiries to know when we will receive another supply. We expect large sales of it from the present demand, and want you to send us a box as soon as possible.

Yours, TYLER & ADAIR.

Northampton county, April 12, 1852. ages in the above splendid Lotteries will receive the most prompt attention, and an official account of each drawing sent immediately after it is over to all who order from me.

A CLOUD OF WITNESSES. A CLOUD OF WITNESSES.

We have certificates from Captain Canot, brother to the eminent physician to Louis Napoleon, President of the French republic, who was cured of Rheumatism of seven years' standing; one from Robt, Gault, do., of seven years', one from Mr. Oldham, Baltimore Custom-house, of a dread-ful case of dyspopsis; one from Jnc. Luke, of a case of dyspepsia and general debility; and one from J. K. Stapleton, esq., of Baltimore, with hundreds of others.

REV. VERNON ESKRIDGE, U. S. N. Mr. J. E. Boush—Dear Sir: Whi e I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dyspepies, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

Lam. respectfully, yours. MRS. E. MOFFETT, intending to limit her store stock to MILLINERY GOODS, and what pertains to Ladies' and Children's wear exclusively, will sell at cost, for cash, her present variety stock, which will be enumerated in to-morrow's paper. THE LADIES will find an assortment of Gimp. Neapolitan, Lace, and Straw Bonnets, comprising the latest styles and shapes, both trimmed and untrimmed, of various prices, to please all.

ITS utility is beyond comparison with any other farming implement now in use. It takes the seed from the field, eaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers from ten to twelve acres per day. The fingers, or teeth, catch all the beads, the revolving knives cut them off and throw them back into the box, which will cross a twenty-acre field without emptying. The heads are then loaded into a wagon and taken directly to the mill for cleaning, thus diminishing the labor three-fourths, and raving all the ed. This machine comes so low that every farmer will have it, and pays the manufacturer 300 per cent.

We, the undersigned, do certify that we have seen Mr Krauser's Patent Clover Harvester in operation, and it has gathered many of the farmers' clover in this neighborhood—It is all that Mr. Krauser and his bills represent it to be. The farmers have given one-half for gathering and threshing.

This is to certify that Mr. G. J. Naylor has gathered clow off of a sixteen-acre field of mine, which has been pasture two months with ten head of cattle, and it produced si bushels and a half and one peck of seed. I gave him twithirds for gathering and cleaning. I think his machine first-rate, and answers all the purpose that is intended.

His long experience in this business, and his excellent location, enable him to satisfy the most fastidious. KRAUSER'S PATENT CLOVER-SEED HARVESTER. We have conversed with a number of Farmers, and they are of opinion that there are at least 3,000 acres in each township in Camden of Oloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield from 1\frac{1}{2} to 3 bushels. Reducing it to a certainty of yielding but 1 bushel per acre, what will it cost to gather and thresh 1,000 acres?

Perhaps no invention offers greater inducements for a profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better or more money-paying business.

NEWS BY TELEGRAPH.

Great Fire at Montreal.

BUFFALO, July 9-11 a. m. Another tremendous confiagration has occurred t Montreal. The telegraph lines leading from that city in every direction have been destroyed at that terminus. The reports from the nearest working stations are that four hundred buildings have been destroyed, and the fire still raging fiercely. It commenced yesterday afternoon. Dalhouse Square is among the ruins.

A temporary line of wires is being put up in the suburbs, when we will forward a full report.

The fire at Montreal broke out yesterday mornng. At ten o'clock last evening the glaring flames were distinctly viewed from this place. Estimates of the buildings destroyed are from wo to three thousand, but the full and accurate extent of the ravages cannot be told here, as the wires gave out after receiving the above.

NEW ORLEANS, July 6. Dates have been received from the city of Mexico to the 19th. The government has called an extra session of Congress.

Two millions and a half of the American indemnity had been paid to British bond-holders, and was to leave Mexico on the 18th.

Whig Meeting.

BOSTON, July 7. A meeting of Whigs opposed to the ratification f Gen. Scott's nomination was held this evening at Faneuil Hall. The Saloon was about twothirds full. Henry Williams presided, and the Rev. Hubbard Winslow was the principal orator, The orator declared that Mr. Webster, aside from Mr. Fillmore, was the only man that could command the votes of the South. He lauded Webster, and characterized as unwise and impolitic the action of the Baltimore Convention. As a political demonstration the meeting is considered

Affairs in Georgetown.

Georgerown, July 9-12 m. In answer to a call of the Mayor, a large meeting of our citizens was held last night, at Forrest Hall, to give a public expression of opinion in relation to the much-talked-of bridges over the

Potomac river. Mayor Addison was called to the chair, and John Dickson was appointed secretary. A series of resolutions were passed, setting forth the great disadvantage the Long Bridge has ever been to the interests of Georgetown and her people; rotesting against its reconstruction; and prayng Congress to erect one at some point above his place. Great unanimity of sentiment and incompromising hostility to the old bridge was nanifest throughout the meeting.

The resolutions are plain and to the point, and ask of Congress nothing but what every candid man must acknowledge to be sheer justice; for we have no doubt that, could the amount of damages which our citizens have sustained, at different times, through the old bridge, be ascertained, it would be amply sufficient to construct a bridge which would answer every purpose.

few days more the repairs on our canal will be completed, and navigation resumed the entire length of the line. Large quantities of flour, grain, and other produce, are new at different points ready for market.

General Pierce, who has been so much lauded a model writer and speaker, says, in his letter f acceptance: "The delegation from New Hampshire would not have submitted my name to the Convention under circumstances other than those which occurred;" that is to say, it did submit bis name. He then adds: "The voice which first pronounced for me was the mother of States. The query, therefore, very naturally arises "Who threw the first brick " Again, he says: "I acthrew the first brick?" Again, he says: "I accept the nomination, relying upon an abiding devotion to the interests, and honor, and glory of our whole country." Devotion on whose part?—his or the people's? We cannot help thinking that the General, when he made that reference o "the rain bow of promise," which is soon to span the political beavens, bad in his mind's eye General Scott.—Alexandria Gazette.

THE MORTALITY ON BOARD THE STEAMER PHIL-ADELPHIA .- By the arrival of the steamship Isabel at Charleston, from Havana, we learn that the number of deaths on board the Philadelphia, from the time she left Navy Bay to the latest dates, was 32; of which number, 28 were of cholera and 4 of fever, the U.S. mail agent being among the number.
